

## AMPELI KULTIVATOR

FOR THE PERFECTIONIST WINEGROWER

Flexible and clever. For the vintner with many meters of stubborn weeds. Thoroughly removing weeds and opening up the soil with hoes that can be adjusted to the type of soil. Time-saving intermediate clearing by controlled hydraulic hoes (optional). Very suitable for all soil types and row widths at specialist vineyards.

### 1. Self-supporting

Self-supporting independent hydraulic system to support hydraulically limited tractors minimizing change of overheating

### 2. Adjustable

Easily adjust the row width and tines for perfect integration with your fields or jobs

### 3. Long-Lasting

Enjoy a longer lasting machine thanks to the spring dampened tinearms whilst ensuring a even till

### 4. Customizable

Simply adjust the tillage depth with the elliptical skids

### 5. (Im)proved

Ease of mind with the special improved and proven Aardenburg design after intensive field testing and an extensive quality check
