

COMMANDO DISC

INTERCEPT MOWING MADE EASY!

Grass and weed control for fence, vinyard, orchard and other vegetation. Easy to attach for front or rear use, available for 1 or 2 sides. Or even to other Aardenburg mulchers. With the possibility to attach it on a fork it is possible to use it on other machineries like mini loader, forklift or front loader. Hydraulic side movement control makes it suitable for variable work row.

1. Efficient

Enjoy quick work with the high impact hydraulically fed sharpened cutting blades

2. Side-shift

Easily adjust placement hydraulically to mow between or under trees, vines or fences.

3. Dual-sided

Experience versatility by choosing between the one-sided(right) or dual-sided, saving you half of the work

4. Inter-row

Enjoy clean cut arounds trees, vines, fence posts or other objects with the disc mower with a spring or hydraulic intercept system

5. (Im)proved

Ease of mind with the special improved and proven Aardenburg design after intensive field testing and an extensive quality check
