

## SEPE TRIMMER M

DESIGNED FOR PRECISION, BUILT FOR LAST

Tidy and efficient. Designed for professionals maintaining hedges, roadsides, and other vegetation. The Sepetrimmer M delivers unparalleled precision with its three separate knife sets, each containing six knives—18 in total—ensuring clean and tidy results every time. Designed for maintaining soft, young growth, this trimmer is perfect for professionals requiring both efficiency and accuracy. Built for versatility, the Sepetrimmer M is compatible with excavators, the Eta M, and many more machines, thanks to its universal mounting. Its heavy-duty piston pump, anti-cavitation valve, and one-way valve ensure reliable and long-lasting performance, while the following wheel, adjustable to either side, makes wall and edge trimming effortless. A rubber protection mat safeguards against debris, enhancing safety and durability. For professional precision and ease of use, the Sepetrimmer M is the ultimate tool for hedge and roadside maintenance.

### 1. Triple-Knife

Enjoy tidy results with three separate sets of six knives (18 total) for precise and clean cutting results.

### 2. Following

Easily follows walls or edges with a no-puncture wheel that can be mounted on either side for maximum flexibility.

### 3. UNI-connect

Compatible with a wide range of equipment, including excavators and the Eta M, ensuring versatility on any job.

### 4. Long-Lasting

Features a robust piston pump with anti-cavitation and one-way valves for dependable operation.

### 5. (Im)proved

Ease of mind with the special improved and proven Aardenburg design after intensive field testing and an extensive quality check.
